NEWS FROM JAPANESE CAPITAL.

Destination of Rojstvenstsky's Fleet is Petropaulovski Harbor.

Tokio, May 4.—It is rumored that the destination of Vice Admiral Rojstvenstsky's fleet is Petropaulovski, peninsula of Kamchatka, instead of Vladivostok. It is said that the Russians have been collecting coal and stores at Petropaulovski, but it is regarded as improbable that the Russians intend to use Petropaulovski to any great extent because its defenses are weak and it is considered impossible to defend it from the land.

Will Save Several Warships.

Tokio, May 4.—The work of salvaging the sunken ships at Port Arthur and Chemulpo is progressing satisfactorily to the Japanese. Details are withheld, but it is believed certain that the Japanese navy will secure several battle-ships and cruisers.

In Memory of Departed Soldiers.

Tokio, May 4.—A solemn procession escorting the spirits of the dead soldiers and sailors opened the enshrining ceremonial at the Shokonsha Temple today. The impressive shinto ritual was followed by the throngs that filled and surrounded the temple, including thousands of relatives of the dead. High officers of the army and navy, a large force of troops, and 1,000 sailors from Yokosuka were present at the ceremonies which will be practically continuous until next Friday night.

The emperor and empress will not attend tomorrow on account of indisposition. Prince Fushima will present their majesties upon that occasion.

KILLED IN MIMIC SHOW.

Boys Giving Wild West Performance Ends Fatally.

New York, May 4.—During a mimic wild west show in the Flatbush Boys' club of Brooklyn, John Hines, 16 years old, has been accidentally shot by a playmate of 14. Hines died on his way to the hospital.

The club was erected by wealthy Brooklynites to keep the boys off the street. In the basement is a gymnasium where Hines and 12 other lads gathered to mimic performances they had seen at Wild West shows.

They had been doing Indian dances, throwing the lasso and having a jolly time generally when Walter Driscoll drew a large revolver and began snapping it at the boys. Several times the pistol was snapped. Then came a flash and Hines fell. His playmates ran to the street shouting for help but Hines was shot through the temple and was beyond medical aid.

Driscoll was locked up on the charge of homicide, but the police are satisfied that the shooting was entirely accidental. He cried hysterically over the affair, saying he had taken his father's revolver from home secretly and supposed it was not loaded.

Negroes Guilty of Murder.

Birmingham, Ala., May 4.—A special to The News from Decatur says that after having been out since 5 o'clock last afternoon the jury in the case of Harvey Smith, negro, charged with the murder of Miss Belle Bloodworth brought in a verdict this morning of guilty of murder in the first degree, and fixed punishment at death. On a few persons were in the court room when the verdict was announced, and there was no demonstration. The trial of John Collier, Smith's accomplice, was then taken up. Troops continue to guard the court room and jail but all is quiet.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her. Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and \$1.00; guaranteed. Trial bottle free.

The Pomelo of China.
Probably the best all round fruit in China is the pomelo. It is grown in the south central and southern provinces and is said to be the original citrus fruit. It resembles the grape fruit of the United States in size, shape, color and somewhat in flavor, being sweeter than grape fruit, with less of the bitter quality, with flesh more perfectly separated in the sections and capable of being pulled apart and separated from all surrounding sacs or membranes. The natives cut through the peel about one-third of the way from the top, crimping the edge of the section all the way round the fruit, then remove the flesh, tear the section apart, replace them in the peel and serve thus divided and prepared. The fruit is attractive, refreshing, wholesome and comparatively cheap. Generally speaking, the pomelo seems to be a cross between a shaddock and a good orange, but it is more hardy than either. It has better keeping qualities than the orange.

Some Real Giants.

Brewer tells us that "no recorded height of any giant known has reached ten feet." If a cubit is twenty-one inches, Goliath of Gath was eleven feet nine inches in height; if it is eighteen inches, he was just the size of the Arabian giant, Gubara, who was nine feet nine inches. Josephus mentions a Jew who stood ten feet two. Klutolochus Rex was fifteen feet six inches high, five feet through the chest to the spine and ten feet across the shoulders. John Middleton was nine feet three inches. His hand was seventeen inches long and eight and a half broad. Patrick O'Brien was eight feet seven. Turner, the naturalist, says he saw in Brazil a giant twelve feet in height. But Og, king of Bashan, held the record. According to tradition, he lived 3,000 years and walked beside the Ark during the flood. One of his bones formed a bridge over a river.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.
